### SPRING SUITS—THE HUB CLOTHIERS.

## The Hub Perfectos

We want your opinion of our

\$10, \$12.50, \$15

### SPRING SUITS

### AND SPRING OVERCOATS.

Whatever your verdict was last year—it'll be different now. If you thought well of them, you'll like this season's better. If they didn't quite suit before, there's no ground for complaint now. We don't care how particular you are—the more the better for us. When we see a man put on his specs we know he is going to buy on merit. We're the gainers by every comparison. All the talk of tailors is for fit—just as if quality, trimming, and style didn't count for anything. You'd think a fit was one of the seven wonders of the world to hear them prate about it. But we guarantee any and every Overcoat and Suit that we sell shall be faultless in every way, and that means fit and everything else. Habit takes lots of men to the tailor, but they're gradually dropping from the ranks. Candles were better than darkness, but electricity has put them out. Folks are growing into the light of readymade perfection.

Our \$10 grade is equal to the tailors' best \$18 grade.

Our \$12.50 grade is equal to the tailors' best \$25 grade.

Our \$15 grade is equal to the tailors' best \$30 grade.

We can prove these differences—give you more variety made up than all the custom shops combined can show you in the piece. Ours are ready to put on—ready to be criticized, too. If you find a fault you'll find your money waiting for you. Live up with the times. Modern men wear our kind of Readymade Clothes. We've no competitors—course competition calls for a comparison of relative values, and they don't exist elsewhere at our price.
